41	\$3,615
42	\$3,780
43	\$3,945
44	\$4,110
45	\$4,275
46+	\$4,375

At Rideau View, we understand that many golfers in their 20's, 30's and 40's have busy schedules and financial constraints. Tuition, summer jobs, new careers, new homes and growing families can all impact recreational activities such as golf. In recognition of this reality, we have created a "progressive" fee schedule that increases by small increments each year from our Junior membership right up to age 46 in our Senior category. Without the worry of a large increase in the thousands of \$'s that you will typically encounter at most clubs, this makes financial planning for membership at a top tier private golf club much easier.

Over 130 members are already taking advantage of this at Rideau View. Why not you?
